Ml/26-20-1

Sir,

I have the honor to state that the Naikanhatti municipality in the Challakere Taluk was recently constituted into a minor municipality As per sanctioned budget for the year 1920-21, the closing balance of this municipality would be at the end of that year R$ 541 It was R$ 509 at the end of the year 1919-20 The income of the municipality which is about R$ 1300 or so is hardly sufficient even to meet the ordinary fixed charges such as establishment, conservancy &c But this municipality requires very badly some sanitary improvement works such as opening out roads and constructing drains &c To effect these improvements there are no funds t he credit of the municipality and unless these improvements are done, he town will not become healthy It is therefore that the municipal council after careful consideration, thought advisable to levy market fees weekly shandy days in the municipality as also during the time of Sri p erudraswami jatra that takes place there every year By so doing the l expects that the income of the municipality would be raised by, at t, 500 every year which can conveniently be utilised for urgent tary and other works which the municipality is in need of very badly c uncil have already observed the preliminary procedure prescribed e Municipal Regulation and no objection is reported to have been a iv d from any of the inhabitants f the place for the levy of the t fees proposed just to improve the resources of the municipality these circumstances I request that you will be so good as to move

Government to accord their sanction to the proposal of the council The Vernacular correspondence ending with the President's report No 121 dated the 29th September 1920 is herewith sent for reference and kind return when done with
